February 9, 2012

Dear Honors Student

Congratulations. You are about to join one of the most respected – and exciting – honors programs in the Dallas-Fort Worth area.

We are delighted to inform you of your eligibility for honors study at Tarrant County College Northeast Campus, one of Texas' leading two-year institutions of higher learning. Upon approval, you will be admitted to the Cornerstone Honors Degree Program for the fall semester.

Allow us to commend you on your achievement. Admission to the Cornerstone Honors Degree Program is competitive. Each year, in fact, we admit only a select group of students who demonstrate the high level of preparedness expected of our honors students. Our newly-designed degree also offers graduates the added advantage of scholarship opportunities at four-year institutions. We look forward to working with you as you pursue your academic goals at Tarrant County College.

To ensure your smooth application process, please contact Kristi Toler, our Cornerstone administrative assistant, by telephone at 817-515-6406; or by email, kristi.toler@tccd.edu. Mrs. Toler will help provide you with the necessary information you need to complete the application process.

Once again, allow us to congratulate you on your eligibility for the Cornerstone Honors Degree Program at Tarrant County College. Please accept our best wishes for a most rewarding course of study.

Yours truly,

Donovan Hufnagle
Cornerstone Director
